Community Commitment

... It's Katching!

HONORARY CHAIRS
DON and ROSEMARY TALLEY

HONORARY TREASURER
DOUG HITCHEN

October 25, 2006

Dear District Four Residents:

Recently several concerns have come to my attention concerning Measure J, the Dalidio Project. I appreciate all of the phone calls and fact finding questions I have received.

By this letter, I don't want to impose on you as to how you should vote, that is your decision and I respect that. I would like to clarify an aspect of the project which has raised questions about the priority of existing county road projects and especially Willow Road.

The San Luis Obispo Council of Governments (SLO COG) Board makes the decision on how Federal and State money for road projects will be allocated. SLO COG Board is made up of all five County Supervisors and a member from each of the City Councils. We all work well together and we each make a great effort to gain the support of other Board members for projects that are of great importance to our own districts.

The fact is that Measure J will not take funds away from, nor change the priority of existing county road projects such as Willow Road or other South County road improvement projects because Measure J generates its own funds, possibly a Mello Roos tax district. A Mello Roos tax district would apply to the developed Dalidio property for traffic improvements if Measure J is approved. It is a separate project with a separate funding source for traffic improvements. I can assure you that my commitment to our district is unwavering.

Please feel free to call me at 781-4337 if you have further questions or concerns regarding Measure J or about any of the propositions on the ballot.

Sincerely,

Katcho Achadjian
District Four County Supervisor
